vision

About the events

vision events are fun and interactive ways to explore new ways of being church and how to form them:

- share your story;
- consider what it is to be church;
- ask questions;
- find out about fresh expressions;
- discover resources;
- build networks and relationships.

vision events are a fresh experience in themselves and are ideal for:

- complete beginners;
- those with questions;
- those starting fresh expressions;
- any church or tradition.

vision events are carefully planned in partnership with an ecumenical group to ensure that they are locally relevant. They usually take place on Saturdays with around 50 attending.

Programme

Featuring interactive learning, activities, interviews, stories and questions.

Refreshments, welcomes, worship

Session 1: What is happening and why it is important: How fresh expressions of church are changing the landscape.

Break

Session 2: Values and how fresh expressions of church are developing and can develop in your context.

Lunch

Local story and seminars

Session 3: Where next?

Recommendations

“Today I learnt that fresh expressions of church is not just the latest buzz word. I see its impact.”

John Grice, Oswestry vision day

“The *vision day* was so encouraging because we heard of so many exciting and innovative things already going on. We should have more of these days.”

Alan Smith, Bishop of St Albans

“I've been waiting for a day like this for ages. The subjects that were discussed have been what I've wanted to do but I didn't know how to go forward. It has given me lots to think and pray about.”

Eileen Bamford, Stoke-on-Trent
